

At Holy Trinity C of E Primary Academy, our Year 4 children also use Tunes Times Tables to help strengthen their multiplication knowledge in a fun and memorable way. The programme uses catchy songs, repetition and rhythm to support children in learning and recalling their times tables with confidence. Regular practice helps improve speed and fluency, which is especially important as children prepare for the Year 4 Multiplication Tables Check (MTC). By combining music with maths, Tunes Times Tables helps make learning engaging, enjoyable and easier to remember for all learners.
